Lewis County Noxious Weed Control Board  
351 NW North street MS: AES02  
Chehalis, WA 98532-1900

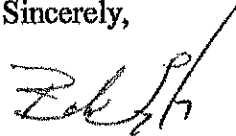

Attention: Mr. Bill Wamsley

I am very interested in serving on the Lewis County Noxious Weed Control Board because of my experiences both as a volunteer and in the business world. As a volunteer I have served in numerous capacities on numerous boards at the local, county, state regional and national levels. For the past five years I have been a volunteer WSU Master Gardener which has included numerous board positions at both the county and state levels. It has been the Master Gardener educational courses and experiences that have opened my eyes to the economic impact that noxious weeds have on both the production farmer and the home gardener. More importantly I have gained an insight on the various tools available to combat weeds and the environmental impact that the various methods have. Hopefully this understanding would help in formulating the right questions to deal with both current and future noxious weed issues.

As a former business leader with major organizations I bring direct experiences in all of the areas which Noxious Board Members share responsibilities: Human Resources, Planning/ Development, Finance, Community Relations and Operations. These experiences have really aided the volunteer organizations which I have been involved.

Thank you for the opportunity to apply for this volunteer position. Please call me if you have any additional questions: 360/ 767-0490.

Sincerely,

Bob Taylor  
116 Fir Hollow Road  
Chehalis, WA 98532
