

Meeting with Bill Fashing (CWCOG)

December 2, 2019

1:30 p.m.

Present: Commissioner Jackson, Commissioner Stamper, and Bill Fashing

Recorder: Candace Hallom

Bill Fashing stated he is working on updates to an interlocal agreement for Regional Transportation Planning Organization (RTPO). The previous agreement does not include Lewis County. Bill is not sure when Lewis County was added to the RTPO and has no documentation showing Lewis County was included. The RTPO needs to move forward with the update to the interlocal to help clear this up.

CWCOG is working with the RTPO Board on updating the interlocal. Bill went over some of the updates to the Interlocal agreement.

Bill stated he is meeting with his attorney on Friday regarding the interlocal and they may have a few minor edits. He will send a new version of the interlocal agreement once he gets it finalized. Bill stated he is still trying to work out the process. He would like to try to get this out to all the stakeholders in January and ask for consideration in February or March.

Meeting ended at 2:02 p.m.
