Dear Lewis County Commissioners,

I am writing to submit my application and show my interest to represent District 1 on the Citizens Budget Committee. Having served on the Committee for several years, I feel my previous input and guidance will be a valuable asset to the budget process. I have resided in the District 1 boundaries since 1971.

I have the understanding, skills, common sense, and education that would serve the Budget Committee and the County with the decision making process. I possess those qualities to make an informed and reasonable choice in matters that would be of benefit to the County, the Board of Commissioners, taxpayers, and our residents.

I taught for music for 27 years in the Centralia School District except for one year on a Fulbright exchange in Yorkshire, England, 1984-85. After retiring from teaching in 1996, I spent 10 years with The Chronicle's education outreach program, and wrote weekly columns for 7 years.

Thank you for considering my application. It would be a privilege to again be a member of the Budget Committee. If you need additional information or would like to talk with me, I can be reached at home, 360 736-7738, or on my cell, 360 623-2415.

Sincerely,

Paul Crowner

Good Morning,

I'm submitting my application for the 2025 Budget Committee.

My purpose is to study Public Defense Services and to produce a report on the financial as well as performance aspects of this major Lewis County budget item. The report would also include recommendations for cost reduction, efficiencies, and better service to clients, if those potentials can be identified.

To accomplish this, I will need full and timely access to all records and personnel.

Thank you,
Bill Serrahn

Dear Lewis County Commissioners:

I understand Lewis County is seeking volunteers for the Citizens Budget Committee. I am interested in serving as a volunteer on this committee. It is clear to me that a successful county budget can have an enormous and beneficial impact on the residents of Lewis County. As such, I believe the county budget process should include strategic thinking and analysis, and be transparent to the county residents.

As a retired U.S. Air Force Colonel and a current Washington State Administrative Law Judge, I believe I have the understanding, education, and experience that would be a benefit to the Citizens Budget Committee.

As an Air Force Colonel, I was responsible for creating and managing large organizational budgets that were used to implement organizational policies and achieve goals. As a current state administrative law judge, I have an understanding of and appreciation for the potential impacts to organizational operations and goals when budgets and state laws intersect.

Thank you for considering my application for a volunteer position with the Citizens Budget Committee. If you need any additional information or would like to further discuss my application with me, I can be reached at my telephone number listed above.

Respectfully,

Jerry A. Villarreal

Dear Commissioners & County Staff:

I recently read of the desire of the County Commissioners to seek people interested in service on the Lewis County Citizens Budget Committee. I am interested in serving in that role.

As I indicate in the attached application, I believe my experience developing & submitting annual budgets to various board of directors, as well as evaluating my company's performance in relation to those budgets provides me with at least some of the skills I believe would assist me in assisting you.

I also served for two years on the West Linn, Oregon City Council, during which we were required to review and approve the budgets for that community.

As a retired citizen, I believe I can provide as much time & dedication as necessary to be of value to you in this role.

I look forward to hearing from you,

Tim Wood
