

**Update with Budget**

**July 2, 2018**

**11:15 a.m.**

Present: Commissioner Fund, Commissioner Stamper, Becky Butler, Steve Walton, Suzette Smith

Recorder: Rieva Lester

Becky Butler said the PA's Office included two payouts on its amendment request. She said it appears that the lower pay rate for Eric Eisenberg – as well as the length of the vacancy – offsets Glenn Carter's payout.

Becky said the Sheriff's Office also included payouts in its amendment request.

The group discussed the process that is supposed to be followed: the offices are supposed to bring those types of issues to the board preemptively.

The commissioners said they would deny those requests for now but may revisit the decision at the end of the year.

Becky said Shad Hail has submitted a budget amendment request due to job coverage related to an on-the-job injury.

Suzette Smith said the Auditor's Office is a bit behind due to the Munis implementation. She said the PA's Office has voiced displeasure about the new system. She said she has suggested ways to make it easier.

Meeting ended at 11:40 a.m.
