

Agenda for BOCC Update

Department: Community Development

Date: 04/11/2017

Time: 9:00am

End: 10:00 am

Present: Commissioner, Jackson, Commissioner Stamper, Lee Napier, Graham Gowing, and Cheryl McGee

Note Taker: Graham Gowing

Issues from previous meeting(s): Covered below

Updates and Hot Topics:

i) Permit Process and Tracking.

- Cheryl presented the Commissioners with the old and new formats of the permit statistics comparisons. Cheryl and Lee discussed the changes to the new tracking tools (for example, not including the bar graphs in order to keep the pertinent information on a single page). Commissioner Jackson likes the turnaround time of two weeks for an approval of a basic permit.

2) Other points of discussion from the Board of County Commissioners

- Commissioner Stamper asked if/when a house burns down, does the structure go through a code enforcement investigation. Lee indicated she is thinking about issuing a letter to the affected party offering help from Community Development (if possible) in the their time of need. Commissioner Jackson asked about an interlocal agreement with the County and the Port of Chehalis. Lee clarified the ILA is between the City of Chehalis and Lewis County. There will be more discussion about this in future CD updates.
