## Updates and Actions:

Start time: 9:08 am

### 1. Permit Process and Tracking-Monthly report

Graham & Lee presented the monthly permit tracking report. Permits, applications and revenue are all still up from this time of 2016.

### 2. Budget and Fee Schedule

Lee presented a proposed/preliminary fee schedule for 2018. In general, CD's home valuation is much lower than neighboring counties. Lee indicated the possibility of simplifying fees. The Commissioners would like to take more time to look over the two packets provided and meet with CD later in August.

### 3. Community Rating System (CRS)

Lee asked if the Commissioners would like a separate briefing about CRS. BoCC does not need a separate update. Lee indicated a flier will be mailed out to repetitive loss landowners.

### 4. Topics for next update currently scheduled for 10/10/2017

**Actions to be requested:** Set meeting for late August to discuss fee schedule.
